The costs associated with providing fire protection, fire prevention, and life safety services include, but are not limited to, salaries and benefits of personnel providing the services; costs associated with the acquisition, maintenance, or construction of equipment; facilities and supplies used for the provision of the services; administrative costs of the program; and the cost of any other expenditure necessary or useful to the provision of the services.

The special tax will be levied for as long as necessary to fund fire prevention, fire protection, and life safety services.
